Premium ships

All premium ships don't need repairs. Such ships have 'Elite' status — maximum battle parameters and increased free synergy production. All premium ships have unique appearance and are shipped with maximum synergy.

You save time and head into battle right away!

Unique stickers — An excellent opportunity to stand out among mercenaries.

Galactic standards — a special in-game currency that can be purchased for real money. With it, advancing in the game is made easier and more comfortable.

Synergy is a measure of your experience with a ship. Synergy is used to increase ship level and improve its combat characteristics.

Premium license grants all pilots greater rewards for each battle.

In addition, pilots get more credit vouchers for completing contracts!

Pilots who receive premium licenses from command master new ships faster due to increased synergy gain in combat. And when the battle ends, pilots with a premium license have two bonus attempts at trophy search — this means that the chance of getting new unique equipment becomes higher!

If you purchase multiple DLC, bonuses to credits, synergy and credit gain are added to each other. Together, they provide a greater bonus!

Premium license time and Galactic Standards are also added!

Star Conflict has become so bad since they added destroyers.

Now they keep adding "buildable" ships into the game on a concept similar to destroyers, none of those ships are reasonably possible to earn without real money.

It is now becoming rare to find a match, without every single players using destroyers.

Something that is far less rare, 1vs1 or 2vs2 match, because the game is lacking players (mostly due to the game being bad since the greedy devs keep releasing content only available with real money).

Unplayable as is or at least not playable with enjoyment.

Avoid this DLC like all the other paid content until it isn't too late.. The good, the bad, and the very ugly...

The good:

+10k GS

+10% more synergy and vouchers

+2 points in your fleet strenght

The bad:

rank 6 and 9 ships, neither one of those ships are going to help you get resources for a destroyer\premium\special ship.

the increase of your personal storage is also in a cheaper DLC pack, so you get nothing extra from it here.

and the same goes for the colouring.

in short, you pay more, but you're not getting more...

The very ugly:

overpriced, even at 50%.. Overpriced even on half price. Don't waste money on this game.. If you are to spend money on the game this DLC is Recommended & Worth it in the Long Run!

YOu get forever Permanent 10% bonus to loyalty gain and a 10% bonus to ships synergy gain and 10k GS. Just DO NOT spen ur GS on Synergy transfer. FREE SYNERGY TRANSFER from ship to ship is a SCAM!

P.S. Only get when its on sale! 50%. Star Conflict has become so bad since they added destroyers.
